Presion

POWER EVEN
AT LOW PRESSURE

Our Presion Pressure Boost Showers create a luxurious, powerful showering experience, even in homes with low water pressure. The complete range includes everything you need to turn your morning wash into a rejuvenating shower.

Whether you go for the all-encompassing 5 function spray pattern or the simple but effective 1 function shower head, you can guarantee the water pressure won't let you down. Plus the optional water saving device gives you peace of mind that you are conserving water without reducing effect.

Available in modern matt black or a stylish and sleek chrome finish, with the choice of standard or rainfall shower head, there is a Presion shower to suit every bathroom.

LOW WATER PRESSURE RUINING YOUR SHOWER EXPERIENCE?

Complete with all the essentials, this contemporary collection takes away the guessing game when it comes to pairing up showering accessories and resolves the problem of low pressure systems. The difference is clear when you compare your current handset with a Pesion on the 'Upside Down' test, there is no doubt that a Pesion will give your shower the boost it needs.

Easily installed using our innovative Flexi-Fix system, a full shower set can be fitted using a 'no drills' adhesive or if you prefer, you can fix to previous fixing holes to prevent drilling more holes into your tiles.

With separate hoses, a variety of shower heads or a full shower set including a riser rail, a Pesion shower is the perfect way to shower your bathroom with love
